Sing in a **WORLD PREMIERE** performance

**ONA'S FLOOD** (a brand new work composed **for us** by Harvey Brough) will be performed by professional soloists, local school children and many adults from our community on 12 and 13 July, 2013. This piece will be performed alongside **Noah's Flood (NOYE'S FLUDDE**, by Benjamin Britten) fully staged as part of the nationwide Britten Centenary celebrations.

Come along and find out more at the **PROJECT LAUNCH** and **TASTER SESSION** on **Monday 18 February at Wiltshire Music Centre**. There will be a chance to meet the composer and librettist, chat to the director and designer of the production, and find out about opportunities to volunteer and get involved creatively. Harvey Brough will present elements of his new piece and anyone who would like to will have the chance to sing some bits of it! Interest and enthusiasm are more important than experience!
